EXH	Warren HS	3	7:00-8:15	8:15	8:30pm
Break			8:45pm		
Evening Awards 9:00pm					

Fellow Directors,

This year we are attempting assigned warm up zones. I have personally picked the best zones on our campus! All zones assure you enough room to warm up and all have easy access pathways to the stadium. Here are some “play fair” procedures.

1. These zones were designed for winds and percussion only.
2. No one will be timing you. Please be professional and only use your zone at your assigned time.
3. There is a concrete stage in Zone 3. Groups in that zone are welcome to face the stage and use it.
4. Zone 4 – please face away from the Gym/Stadium. You can face Zone 3 or you can face towards the parking lots.
5. Everyone has 1.5 hours in their zone.
6. The color guard warm up area is a large grass field. At least 6 large color guards can use this space at a time. No one is keeping time, please play fair and make sure other schools have time and space as well. Color Guards are also welcomed to use the spaces between classroom buildings on campus that are not labeled zones. If your guard fits in your zone and you want your ensemble to stay all together, that is totally up to you. Please do not “spill” out of your zone into walkways to make this happen. When using the large grass field please keep clicking and music low so it does not interrupt performances.
7. Please be mindful and keep the walkways and hallways on our campus clear. Groups will need to use these areas to travel to and from their warm up zone.

NOTE!!! You may want to determine when you leave for the gate by walking the pathway beforehand. I encourage you to send your front ensemble earlier than the time listed if possible. The time listed is the latest possible time I would personally leave for the gate
